

Declaration

To whom it may concern,

Thanks for your cooperation with JA Solar. JA Solar as the PV Module manufacturer declares that:

1. JA has updated the PV module classification to Class II according to new TUV certificate, correlation between classes for protection against electric shock and former terms for application classes according to IEC 61730-1:2004 are shown in Table 1.

Table 1 – Correlation between classes for protection against electric shock and former terms for application classes

Class (IEC 61140)	Application class (IEC 61730-1:2004)	Description
0	B	Application in restricted access area
I	Special installation measures required	Special installation measures required
II	A	Application in non-restricted access area
III	C	Basic protection by limitation of voltage (ELV)

2. All modules sold to z-ecoenergy sp. z o.o. sp.k. are class A premium modules, with “PV module classification Class II” on the label instead.

Regards,

JA Solar GmbH
