

# Digital Xenon Cinema lamps – Bring movies to life

## Digital Cinema Xenon

Digital Xenon Cinema lamps are ideal for today's demanding 3D and 2D digital cinema presentations. These lamps produce the very high light output needed to maximize screen brightness and enhance the dramatic effect for the viewer. These digital lamps are individually customized per projector: there is a different, perfect-fitting lamp for each projector model to ensure optimized projector performance. These long-life digital lamps also provide constant color temperature characteristics, and meet all of the stringent arc-stability requirements for consistent customer satisfaction.

### Korzyści

- Increased brightness on the screen
- Optimum projector performance
- Constant color temperature
- High arc stability

### Cechy

- Higher light output than standard lamps
- Customized by projector model
- Pure xenon fill gas
- Proprietary electrode design
